Brain Sectioning Knife - Straight/45cm/30cm Cutting Edge

NOT AUTOCLAVABLE

Made of molybdenum stainless steel to keep the cutting edge sharp. Molybdeum is an alloying agent used to form extremely hard steel with greater corrosion resistance. The yellow handles are fiberglass reinforced nylon with slip resistant surface.

General Info

Product Number	10152-30
Category	Scalpels & Knives > Knives
EAN	4033182001998
