

#15ARW M Diamond Coated Cutting Tweezers

Diamond coated hard wire cutting tweezers are suitable for applications which require cutting surgical alloys in medical device manufacturing. The short, rounded blades are designed to maximize visibility and to apply incredible cutting force. The carbon steel provides hard and stable tips to perform consistent cuts. The blades are hardened to 61HRC. The diamond coating (DG4) provides the carbon steel blades with a smooth surface combined with extremely high corrosion and abrasion resistance.

General Info

Product Number	11531-11
Category	Forceps & Tweezers > Cutting MedTech Line
EAN	4251909512231

Technical Info

Shipping Weight	28 g	Net Weight	25 g
Package Size	1 Pc.	Unit of Measure	EA
Minimum Order Quantity	1		
Alloymaterial	Carbon Steel (C), Diamond coating (DG4)		
Autoclavesafe	No		
Bladematerial	Carbon steel		
Cuttingedge	7 mm		
Length	11.5 cm		
Esdsafe	No		
Tipdimensions	6.5 x 4 mm		
Tips	Cutting		
Tipshape	Angled
