

#4SG Biology Tweezers Superresistant Alloy

High precision tweezers are suitable for delicate applications such as holding a very small component firmly while maintaining good visibility. The superalloy material grants improved performance in severe environments. The line serration provides the handles with extra grip and preventing any possible slips.

General Info

Product Number	11901-11
Category	Forceps & Tweezers > Smooth MedTech Line
EAN	4251909512262
